

Hockey - simple scoreboards

examples

LEDsynergy has become a market leader in the field of programmable Electronic LED Displays and Scoreboards and we are able to offer our customers a vast range of displays to meet an ever increasing variety of customer requirements, both standard or bespoke scoreboards.

Our LED scoreboards look stunning in any sports stadia or arena and of course scoring and timing is delivered both accurately and effectively to a large number of spectators.

Many different options and sizes are available for the LED characters and LED digits

options

LED SCOREBOARDS

Numerical

We can supply a range of numeric scoreboards, with some examples shown on the right, options A and B. The digits themselves are LED with the team names in either static lettering or magnetic lettering.

Alphanumerical

Alternatively, we can supply a range of alphanumeric scoreboards, as shown in option C. This gives you much more flexibility and the display can also be used for information or advertising use as well.

Full Colour Graphic Boards

The top of the range is an LED Graphic board which gives you total flexibility of use for scores, information and full video use.

OPTION A 1 or 2 DIGIT SCOREBOARD WITH PERMANENT LETTERING

1 DIGIT

2 DIGIT

HAND CONTROLLER

Display includes Controller for remote control, allowing incremental and decrement scoring, reset facility, timer function control.

OPTION B 1 or 2 DIGIT SCOREBOARD WITH INTERCHANGEABLE MAGNETIC LETTERING

1 DIGIT WITH TIMER

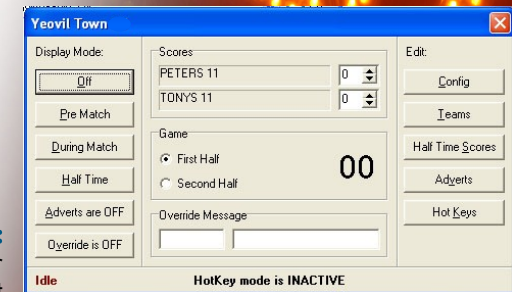

2 DIGIT WITH TIMER

OPTION C 2 LINE LED DISPLAY

2 LINE WITH TIMER
